*As I reflected on the show  
Sunday afternoon, I thought to  
myself that I must absolutely  
congratulate you on the excellent  
work that you did getting this  
show up and running.*

*I realize that this was no small feat and I truly do appreciate  
everything you did for us. It was by far the best CONSAC  
show that I have been to in the past 5 years. We found  
the lead quality for us was the best and highest ever.  
So again, Thank you for the work you did.  
With warmest regards*

*Wanted to thank you all for the work you did assembling and  
promoting this year's show.  
From our perspective this was the best CONSAC show we  
have ever participated in.  
Attendance and traffic seemed stronger than ever before -  
Saturday's was especially amazing -strong from start to  
finish. It's evident that SAC and the exhibitors did a great job  
getting the word out.  
Quality of attendance was also great - sign company  
owners, purchasers, sales people, designers, production  
people, installers etc.  
The social functions at SAC are always good - this  
year's Blue Jays evening was even better than expected.  
The golf day worked out well this year and the lower price  
allowed us to include a couple of people that we otherwise  
might not have been able to.  
Will look forward to exhibiting next year.  
Best Regards,
