

WELCOME TO SAC AND ISA!

We're pleased to welcome local sign company members of the Sign Association of Canada into the International Sign Association (ISA). ISA exists to support, promote, and improve the sign industry through our advocacy efforts, educational opportunities, money saving programs, and many other benefits. Members belong to all sectors of the industry and work to maintain the purposes, high principles, and professionalism upon which ISA was founded.

All current local sign company members of SAC-ACE in good standing become joint members of ISA and eligible for a special program of benefits and services, including:

- Membership in a world-wide organization founded to benefit the entire sign industry - at no extra charge beyond your SAC-ACE membership dues
- E-Newsletters
- ISA publications at the member price
- Sign Code Hotline
- Listing in the ISA Membership Directory and Buyers' Guide and on the ISA Web site
- Early notice and discounted registration fees for ISA events and programs
- Opportunity to advertise in the ISA Membership Directory and on the ISA Web site to highlight your company
- Discount overnight shipping in the United States
- Electronic mailing lists to post questions to your peers around the world
- And much more!

Do you have access to the Internet? ISA members receive a User ID and Password to log on to the Members' Only section of the ISA Web site, where you'll find a complete list of benefits and services as well as the most up to date information about industry developments.

If you have other questions, contact the Sign Association of Canada at (416) 628-6609, or write to info@sac-ace.ca for more information. SAC and ISA are delighted to offer you membership in both associations at no extra cost, and we look forward to serving you!
